

## **Blended Learning – what works (17<sup>th</sup> February 2021)**

### **Questions & Answers**

#### Technology and Software

*Q. Does the license for Office 365 include collaborative partners?*

A. Office 365 is not currently available for collaborative partners, please see <https://www.ljmu.ac.uk/ithelp/software-for-staff-and-students>.

*Q. Is it possible to look at analytics from a course level?*

A. Yes. Each Canvas Course has an analytics menu. For more information on Canvas New Analytics, please read the following link: <https://itech.ljmu.ac.uk/?p=10666>.

#### Staff Training and Events

*Q. Can collaborative partner staff attend LJMU staff networking events?*

A. Collaborative partner staff can attend events that are related to Canvas and delivery to students. The [Distance Learning Forum](#) is also a popular event with partners. The Teaching and Learning Academy is also considering starting a specific Canvas and Learning Technology Network solely for collaborative partners, updates will be provided about this in the near future.
